June 6, 2024

President Daniel Hebreard Members of the Board of Commissioners Citizens of the Forest Preserve District of DuPage County

The Annual Comprehensive Financial Report of the Forest Preserve District of DuPage County (District) for the fiscal year ended December 31, 2023, is hereby submitted as required by state law. The District is required to publish a complete set of financial statements presented in conformance with generally accepted accounting principles in the United States of America (GAAP) and audited in accordance with generally accepted auditing standards by an independent firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the District. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management of the District has established a comprehensive internal control framework that is designed both to protect the District's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the District's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the District's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The District's basic financial statements have been audited by Lauterbach and Amen, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the District for the fiscal year ended December 31, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall basic financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's basic financial statements for the fiscal year ended December 31, 2023 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors.

Profile of the Forest Preserve District of DuPage County

The Forest Preserve District of DuPage County was established by a county-wide referendum in June 1915. The District is a separate legal entity organized and existing under the Downstate Forest Preserve Act of the State of Illinois. The boundaries of the District encompass all of the property in DuPage County and 12 acres owned by the District in Kane County, Illinois. DuPage County is located west of Chicago in northeastern Illinois and is part of the Chicago metropolitan area. The District owns and manages nearly 26,000 acres of land or just over 12 percent of DuPage County's 215,000 acres and serves a population of over 921,000. The District is empowered by state statute to levy a property tax on real properties located within DuPage County.

The Board of Commissioners (Board) is the governing body of the District and consists of six members elected from the County Board districts and the President elected county-wide. The President is elected to serve a four-year term and the remaining Board members serve four-year staggered terms with three members elected every two years. Policy making and legislative authority are vested in the Board of Commissioners. The Board of Commissioners has the authority to pass and enforce all ordinances, resolutions, motions, policies, rules and regulations for the operation and management of the property and the conduct of the business and affairs of the District. The Executive Director is responsible for carrying out the policies and ordinances adopted by the Board, for overseeing the day-to-day operations of the District, and for the hiring and supervision of all personnel in accordance with established guidelines.

The District is a special purpose district organized to acquire and hold lands for the purpose of preservation, conservation and restoration of the lands, together with their flora and fauna in their natural state and condition for the purpose of the education, pleasure and recreation of the public. Lands may also be acquired and used to store flood waters, or control other drainage and water conditions. The District is dedicated to achieving an equitable balance between open space and urban development; controlling and conserving the County's aesthetic, biological and water resources through the tenancy of open space; and providing education and recreation to the community through the preservation of natural lands.

The annual budget serves as the foundation for the District's financial planning and control. All departments of the District are required to submit their budget requests to the Executive Director, who uses these requests as the starting point for developing the comprehensive proposed budget. The proposed budget is presented to the Board for review and revision during the developmental process. The Board holds a public hearing on the proposed budget and may make changes prior to adoption. The budget and appropriations must be adopted by March 31 but historically are adopted just prior to the beginning of the budget year. As an example, the 2023 calendar year budget was approved in December 2022. The appropriated budget is prepared by fund and department (e.g. natural resources). The budgetary level of control is at the expenditure class level; however, state law provides for a legal level of control for compliance purposes at the fund level. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted (five year budgets are adopted for capital project funds financed with property tax revenues as provided by state statute).

Major Initiatives for the Year and the Future

Master Plan projects will continue to roll out in line with the 'Plan' and will include significant capital investments in several areas: Restoration of natural areas within several Preserves, infrastructure improvements at several sites, and additional capital investment at multiple Preserve's throughout the District.

The District continued the most significant Capital project in its history at the Willowbrook Wildlife Center. This project will stretch over multiple years and complete a state-of-the-art facility to the District constructed to produce "net zero emissions," anticipated completion is 2024. The District completed the exterior restoration project at the Peabody Estate at Mayslake, installation of a 50-by-14 foot truss bridge at Hidden Lake and created a new crossing with a permanent 62-by-14 foot pedestrian bridge over Sawmill Creek at Waterfall Glen.

The District completes many projects and initiatives with public funds and private donations to complete restoration projects, maintain infrastructure, and reduce its carbon footprint each year. Additionally, the District will continue to allocate funds annually that focuses on maintaining trails, roads, and other planned preserve improvements across the District each fiscal year.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the District operates.

Local economy

The County of DuPage has a diverse business community consisting of construction, manufacturing, government, warehousing and distribution, health care industries, retail trade, wholesale trade, and professional, scientific and technical services. Unemployment rates in DuPage County continue to be lower than the Chicago metropolitan area, the State of Illinois, or the national average. Excellent highway and railroad systems contribute to its continued success.

DuPage County experienced an unemployment rate of 3.4 percent as of December 2023 per the Illinois Department of Employment Security, faring better than the State of Illinois (4.7 percent), and comparable to the national average (3.7 percent). The 2023 assessed value of property for the county increased 5.15 percent.

Real estate tax revenue is the primary revenue source for the District's governmental funds. The District is subject to the Property Tax Extension Limitation Law of the State of Illinois, as amended. In general, this restricts the amount of annual increase in property taxes to the lesser of 5 percent or the percentage increase in the Consumer Price Index in the calendar year preceding the levy year. Taxes can also be increased due to assessed valuation increases from new construction, referendum approval of tax rate increases, and consolidation of local government units. The District anticipates that property tax collections will be relatively unaffected by current economic conditions

The District maintained a strong financial position during the fiscal year and management is confident this will continue during calendar year 2024.

Long-term financial planning

The District has a five year financial plan which contains projections of revenues and expenses for the operating funds. This plan is reviewed, revised and updated annually. The plan has been an effective tool in determining the best allocation of available resources.

The District has a significant inventory of capital equipment which is required to provide services to the public and achieve our mission of conservation and restoration. The fleet vehicle and equipment policy provides the basis -for projecting maintenance and replacement needs in advance thereby avoiding significant funding fluctuations from year to year.

The District has an inventory of buildings, structures, fleet, and amenities that require regular maintenance and costly replacement and rehabilitation. The Board and staff have developed a funding strategy that allocates and appropriates resources for these assets annually. The sources include fund balances, annual tax levy, bond proceeds, grants, donations and other contributions. The District annually evaluates the needs and funding available through a lens that provides financial sustainability to efficiently appropriate and expend resources on assets and operations throughout DuPage County.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Forest Preserve District of DuPage County for its annual comprehensive financial report (ACFR) for the fiscal year ended December 31, 2022. This is the 36th consecutive year that the District has received this prestigious award. In order to be awarded a Certificate of Achievement, the District must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

The preparation of this report is reflective of the efficient and dedicated services of all District staff. The preparation and execution of the process is a testament to the ability of District staff, especially the Finance Department. I would like to extend a sincere thank you to the Finance Department staff; Brian Kuszewski, Cari Mertes, Stacy Schoenecker, Bridget Dickinson, Jennifer Dudasik, and Tarulata Thakkar.

President Hebreard and the Board of Commissioners are committed to excellence and transparency in financial reporting. Their support for maintaining the highest standards of professionalism to manage the Forest Preserve District of DuPage County is critical to the continued financial stability of the District.

Respectfully submitted,

Andrew D. Brown Director of Finance

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

INDEPENDENT AUDITORS' REPORT

This section includes the opinion of the District's independent auditing firm.

INDEPENDENT AUDITORS' REPORT

June 6, 2024

The Honorable President
Members of the Board of Commissioners
Forest Preserve District of DuPage County, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Forest Preserve District of DuPage County (the District), Illinois, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Forest Preserve District of DuPage County, Illinois, as of December 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and supplementary pension and other post-employment benefit (OPEB) schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Forest Preserve District of DuPage County, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Lauterbach & Amen, LLP

LAUTERBACH & AMEN, LLP

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

The Forest Preserve District of DuPage County's (the "District") Management's Discussion and Analysis is designed to (1) assist the reader in focusing on significant issues, (2) provide an overview of the District's financial activity, (3) identify changes in the District's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns.

Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (located in the introductory section of this report) and the District's financial statements, which can be found in the basic financial statements section of this report.

Financial Highlights

- The District's total net position increased \$28,686,088 (3.5 percent) from the balance of \$810,542,169 at December 31, 2022 to \$839,228,257 at December 31, 2023. Governmental activities net position increased \$26,560,901 (3.5 percent) from the prior year end balance of \$766,694,858 to \$793,255,759, while business-type activities net position increased by \$2,125,187 (4.8 percent) from the prior year end balance of \$43,847,311 to \$45,972,498.
- The District's total assets (including deferred outflow of resources) increased \$1,941,729, a 0.2 percent increase over FY22. The District's liabilities (including deferred inflows of resources) decreased \$26,744,359 versus the prior year. A substantial portion of this is attributed to a increase in long term debt obligations.
- The District's governmental funds reported combined ending fund balances of \$246,942,914, a decrease of \$13,935,779 from the prior year. At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$5,338,891 an increase of \$1,617,332. The fund balances of governmental funds covered by the District's policy on fund balances meet or exceed the required balance.
- The District's total revenues were \$35,636,584 higher than the prior fiscal year. Most revenue increases, across all funds, are the result of investment income. As economic conditions associated with interest rates by the Federal Reserve (Fed) impact the District's previously purchased financial instruments until they mature. The District was also in a position to acquire new short term assets in a favorable rate market. The unrealized gains reflected in the December 31, 2023 fair market value are a combination of older instruments stabilizing as those investments move closer to maturity as well as the newer instruments acquired in the more recent market. The District will collect the principal and interest earned on investments, as intended, and looks forward to the opportunity to re-invest assets in a market where inflation seems to be coming into control, an upside from previous years.
- Revenue increased from charges for services due to increased customer demand in the business enterprise (\$1,202,343), and governmental activities (\$45,273). Operating grants and contributions (\$356,447), and capital grants and contributions (\$6,790) saw decreases in FY23.
- The District's total expenses were \$3,309,451 lower than the prior fiscal year. This is reflective most in the governmental activities which primarily related to debt service costs being significantly lower than the prior fiscal year by \$2,585,325.
- The District retired \$20,820,000 in bonds during the fiscal year.

Using the Financial Section of the Annual Comprehensive Report

The financial statement's focus is on both the District as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year to year or government to government) and enhance the District's accountability. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Government-Wide Financial Statements

The government-wide financial statements, which can be found in the financial section, are designed to be corporate-like, in that all governmental and business-type activities are consolidated into columns which add to a total for the Primary Government. The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to be similar to bottom line results for the District and its governmental and business-type activities. This statement combines and consolidates governmental funds' current financial resources (short-term spendable resources) with capital assets and long term obligations using the accrual basis of accounting and economic resources measurement focus.

The Statement of Activities is focused on both the gross and net cost of various activities (including governmental and business-type), which is supported by the government's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various governmental services and/or subsidy to various business-type activities.

The Governmental Activities reflect the District's basic services, including public safety, public works, conservation, education, recreation, interest on debt and administration. Property taxes, shared income taxes, and investment earnings finance the majority of these services. The Business-type Activities reflect private sector type operations (golf), where the fee for service typically covers all or most of the cost of operation, including depreciation.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related requirements. All funds of the District can be divided into three categories: governmental, proprietary, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains 18 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the Illinois Municipal Retirement Fund, the Landfill Expense Mallard Lake Fund, the Land Expense Green Valley Fund, the Debt Service Fund, the Construction and Development Fund, and the Willowbrook Site Improvements Fund. All of these are considered to be major funds. Data from the other 13 governmental funds are combined into a single, aggregated presentation.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

The District adopts an annual budget for the general fund and all special revenue funds and a five-year budget for capital project funds financed with property tax revenues as provided by state statutes. A budgetary comparison statement for the General Fund has been provided to demonstrate compliance with the budget. Budgetary comparisons for the other funds can be found elsewhere in the report.

Proprietary Funds

The District maintains only one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses one enterprise fund to account for its Preserve at Oak Meadows, Green Meadows, and Maple Meadows golf operations. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of fiduciary funds are not available to support the District's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The District does not maintain any fiduciary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the budgetary comparison to actual for all funds for which a budget is adopted, as well as the District's funding progress under its obligation to provide pension benefits to its employees.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Government-Wide Financial Analysis

Statement of Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the Forest Preserve District of DuPage County, assets/deferred outflows exceeded liabilities/deferred inflows by \$839,228,257 at the close of the most recent fiscal year.

The largest portion of the District's net position, \$658,876,496, reflect its net investment in capital assets (e.g., land, construction in progress, land improvements, buildings and structures, infrastructure, and equipment). The District uses these capital assets to provide services and recreation to its citizens; consequently, these assets are *not* available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the District's net position, \$171,019,408 represents resources that are subject to external restrictions on how they may be used. The remainder of net position, \$9,332,353 indicates that additional resources are required to meet the District's ongoing obligations to citizens and creditors.

The following table presents a condensed Statement of Net Position. For more detailed information, see the Statement of Net Position which can be found in the financial section of this report.

Forest Preserve District of DuPage County Statement of Net Position as of December 31, 2023 and December 31, 2022

| | | Government Activities | | Business-Type Activities | | Totals | |

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Normal Impacts

There are six basic (normal) transactions that will affect the comparability of the Statement of Net Position summary presentation.

Net Results of Activities - which will impact (increase/decrease) current assets and unrestricted net position.

Borrowing for Capital - which will increase current assets and long-term debt.

<u>Spending Borrowed Proceeds on New Capital</u> - which will reduce current assets and increase capital assets. There is a second impact, an increase in investment in capital assets and an increase in related net debt which will not change the net investment in capital assets.

<u>Spending of Non-borrowed Current Assets on New Capital</u> - which will (a) reduce current assets and increase capital assets and (b) will reduce unrestricted net position and increase investment in capital assets, net of debt.

<u>Principal Payment on Debt</u> - which will (a) reduce current assets and reduce long-term debt and (b) reduce unrestricted net position and increase net investment in capital assets.

<u>Reduction of Capital Assets through Depreciation</u> - which will reduce capital assets and net investment in capital assets.

Current Year Impacts

The District's total combined net position increased by \$28,686,088 during the current fiscal year. Noncurrent general obligation bond line decreased significantly from \$63,250,434 (FY22) to \$36,268,138 (FY23). Depreciable capital assets increased in the current fiscal year to \$180,614,313 (prior year \$171,817,298). The current assets and liabilities also moved in FY 23. Current Assets decreased to \$316,307,002, or 0.5 percent. Current liabilities increased to \$38,164,102, 37.1 percent more than the prior year.

Changes in Net position

A review of the changes in net position provides the reader with information on the results of the year's operations. The following table shows condensed information from the government-wide Statement of Activities.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Normal Impacts

There are eight basic impacts on revenues and expenses as reflected below.

Revenues:

Economic Conditions - which can reflect a declining, stable or growing economic environment and has a substantial impact on state income and property tax revenue as well as public spending habits for elective user fees and recreation.

Increase/Decrease in District approved rates - while certain tax rates are set by statute, the District Board has significant authority to impose and periodically increase/decrease non tax related rates (permit fees, golf fees, etc.)

Changing Patterns in Intergovernmental and Grant Revenue (both recurring and non-recurring) - certain recurring revenues (state shared revenues, etc.) may experience significant changes periodically while non-recurring (or one-time) grants are less predictable and often distorting in their impact on year to year comparisons.

Market Impacts on Investment Income - the District's combined investment portfolio is managed using a longer average maturity than most governments and the market conditions may cause investment income to fluctuate more than alternative shorter-term options.

Expenses:

Introduction of New Programs - within the functional expense categories (Conservation and Recreation, General Government, Public Safety, etc.) individual programs may be added or deleted to meet changing needs.

Changes in Authorized Personnel - changes in service demand may cause the Board to increase/decrease authorized staffing. 67% of the District's operating budget is for salary and related benefits.

Salary Increases (annual adjustments and merits) - the ability to attract and retain human and intellectual resources requires the District to strive for a competitive salary range position in the marketplace.

Inflation - while overall inflation appears to be reasonably modest, the District is a consumer of utilities and certain commodities such as fuels, parts, and supplies. Some areas may experience higher than average increases.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Current Year Impacts

Governmental Activities

Governmental activities increased the District's net position by \$26,560,901, excluding transfers. Key elements of this net change are as follows:

Revenues:

Revenues from governmental activities totaled \$71,518,169 for the fiscal year, an increase of \$34,659,193. The most significant increase came from strong investment earning gains, \$36.0 million, charges for services and other of \$0.8 million.

Expenses:

Expenses from governmental activities totaled \$44,957,268 for the fiscal year, a decrease of \$3,957,026. The operating expenses decreased year over year as the District normalized operations, prioritized projects, and managed inflationary impacts across the organization.. The change in operating expenses increased 8.1 percent year over year.

Expenses by source as a percentage of total expenses were as follows:

| General Government | 14.3% |
|-----------------------------|-------|
| Public Safety | 9.9% |
| Public Works | 8.3% |
| Conservation and Recreation | 64.1% |
| Interest on Long-Term Debt | 3.4% |

Business-type Activities

Business-type activities increased the District's net position by \$2,125,187. Key elements of this net change are as follows:

Revenues:

For the fiscal year, revenues for the business-type activities totaled \$7,781,325, an increase of \$977,391. Customer revenue increases largely came from Greens fees, associated cart rentals, and food and beverage sales related to the restaurant services.

Expenses:

Total expenses for the business-type activities for the fiscal year were \$5,656,138, an increase of \$647,575 from the previous fiscal year. The increase is directly related to non-capital, extraordinary, expenses related to the maintenance of golf courses with the increase in patronage.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Major Governmental Funds

The **General Fund** is the primary operating fund of the District. At the end of the current fiscal year, the unrestricted fund balance was \$5,338,891, while the total fund balance was \$5,896,280. The total fund balance represents 19.0 percent of annualized General Fund expenditures. The fund balance increased by \$1,052,693. This increase is primarily due to increases of \$1,094,407 to property taxes, \$67,563 to permit and fees, \$251,526 to information technology, \$166,237 to natural resources, \$115,638 to grounds management, \$406,552 to facilities management, \$84,223 to fleet management, and \$266,898 to public safety expenditures.

The **Illinois Municipal Retirement Fund** is a special revenue fund. The fund balance increased \$598,756 as the District manages the IMRF fund balance to offset changes in the employer rate and smooth adjustments in the employer pension rate to avoid year over year fluctuations. The District manages this fund to prevent future reliance on other funding sources if IMRF employer rates vary significantly during any fiscal year.

The Landfill Expense Mallard Lake Fund was created to account for revenues and surcharges imposed on users of the landfill prior to its closure. These revenues are restricted to pay post-closure maintenance, improvements and environmental expenditures for the site. Revenues from investment earnings may be transferred to the General Fund or for other properly identified and appropriated purposes. The fund balance increased by \$1,560,214 primarily due to investment income recognition of unrealized losses in the fund.

The Landfill Expense Greene Valley Fund was created to account for revenues and surcharges imposed on users of the landfill prior to its closure. These revenues are restricted to pay post-closure maintenance, improvements and environmental expenditures for the site. Revenues from investment earnings may be transferred to the General Fund or for other properly identified and appropriated purposes. The fund balance increased by \$1,174,847 primarily due to investment income revenues reporting below budget due to market constraints related to unrealized losses in the fund.

The **Debt Service Fund** is a debt service fund to account for revenues and expenditures associated with servicing of debt. The fund balance decreased by \$24,252,763 primarily due to large payments on outstanding issuances of the 2015 and 2022A series bonds.

The Construction and Development Fund was created to account for revenues restricted for constructing, restoring, reconditioning, reconstructing, and acquiring improvements for the development of the forest and lands of the District. The fund balance increased by \$8,226,101 primarily due to budgeted transfers to reimburse expenses and fund projects.primarily due to budgeted transfers to reimburse expenses and fund projects.

The **Willowbrook Site Improvements Fund** was created to account for revenues restricted for constructing, restoring, reconditioning, reconstructing, and acquiring improvements for the development of the forest and lands of the District. The fund balance increased by \$13,118,710 primarily due to a \$22 million transfer in to fund the construction of the new DuPage Wildlife Conservation Center and offsetting construction expenses for the project.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

General Fund Budgetary Highlights

| | Original | Final | |
|--------------------------------------|------------------|-------------|-------------|
| | Budget | Budget | Actual |
| | | | _ |
| Revenues | | | |
| Taxes | \$ 23,933,520 | 23,933,520 | 24,031,356 |
| Intergovernmental | 2,067,193 | 2,067,193 | 3,325,850 |
| Permits and Fees | 1,384,783 | 1,384,783 | 1,356,681 |
| Investment Income | 160,000 | 160,000 | (863,458) |
| Miscellaneous | 506,752 | 506,752 | 970,728 |
| Total Revenues | 28,052,248 | 28,052,248 | 28,821,157 |
| | | | |
| Expenditures | 31,922,279 | 31,922,279 | 31,019,543 |
| | | | |
| Revenues Net of Expenditures | (3,870,031) | (3,870,031) | (2,198,386) |
| | | | |
| Other Financing Sources (Uses): | | | |
| Transfers In | 5,703,145 | 5,703,145 | 5,685,146 |
| Transfers Out | (2,000,000) | (2,000,000) | (2,434,067) |
| Total Other Financing Sources | 3,703,145 | 3,703,145 | 3,251,079 |
| | | | |
| Change in Fund Balance | (166,886) | (166,886) | 1,052,693 |

Actual revenues were \$768,909 higher than the budgeted amount.

Actual expenditures were \$902,736 less than the budgeted amount. Savings versus budget came in the areas of supplies, and professional services.

The District annually levies a tax and adopts a budget and appropriates for construction and development. In accordance with state statutes, the appropriations for these capital projects funds do not lapse for a period of five years and at the end of five years any assets remaining are transferred to the General Fund.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Capital Asset and Debt Administration

Capital Assets

The Forest Preserve District of DuPage County's investment in capital assets for its governmental and business-type activities as of December 31, 2023, amounts to \$701,911,000 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, land improvements, buildings and structures, infrastructure, and equipment. The total increase in the District's investment in capital assets for the current fiscal year was 2.1 percent.

Additional information on the District's capital assets can be found in Note 3 of this report.

Management's Discussion and Analysis

For the Fiscal Year Ended December 31, 2023

Long-Term Debt

The District currently maintains an "AAA" rating from Standard & Poor's and an "Aaa" rating from Moody's for general obligation debt. A strong tax base, high wealth and income level, population base, strong financial operations with strong reserves, operational flexibility, prudent management, and low debt burden were items reflected in the latest ratings assignments.

At the end of the current fiscal year, the District had total bonded debt outstanding of \$55,545,000 all of which is general obligation debt backed by the full faith and credit of the District, and is for governmental activities. The District retired \$20,820,000 in general obligation bonds.

State statutes limit the amount of general obligation debt a governmental entity may issue to 2.3 percent of its total assessed valuation. The current debt limitation for the District is \$1,052,549,802, which is significantly in excess of the District's current outstanding general obligation debt.

Additional information on the District's long-term debt can be found in Note 3 of this report.

Economic Factors

The District operates solely in DuPage County and is affected by the local economic conditions of the County as a whole. The County has a diverse business community; unemployment rates are lower in DuPage County than in the Chicago metropolitan area, the State of Illinois and the national average.

Requests for Information

This financial report is designed to provide a general overview of the Forest Preserve District of DuPage County's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance, 3 S. 580 Naperville Road, Wheaton, IL 60189.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Funds

Proprietary Fund

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended December 31, 2023

| Net Change in Fund Balances - Total Governmental Funds | \$ (13,935,779) |
|--|-----------------|
| Amounts reported for governmental activities in the Statement of Activities are different because: | |
| Governmental funds report capital outlays as expenditures. However, in the | |
| Statement of Activities the cost of those assets is allocated over their estimated | |
| useful lives and reported as depreciation expense. | |
| Capital Outlays | 18,931,769 |
| Depreciation Expense | (4,019,001) |
| Disposals - Cost | (226,273) |
| Disposals - Accumulated Depreciation | 218,557 |
| Notes receivable in the Statement of Net Position that do not provide current financial | |
| resources are not reported in the fund financial statements. | |
| Decrease to Notes Payable | (24,533) |
| The net effect of deferred outflows (inflows) of resources related | |
| to the pensions not reported in the funds. | |
| Change in Deferred Items - IMRF | (2,298,032) |
| Change in Deferred Items - SLEP | (474,170) |
| Change in Deferred Items - RBP | 114,221 |
| The issuance of long-term debt provides current financial resources to | |
| governmental funds, while the repayment of the principal on long-term | |
| debt consumes the current financial resources of the governmental funds. | |
| Change in Compensated Absences Payable | 162,786 |
| Change in Net Pension Liability - IMRF | 5,163,876 |
| Change in Net Pension Liability - SLEP | 572,200 |
| Change in Total OPEB Liability - RBP | (17,379) |
| Change in Claims Payable | (310,825) |
| Retirement of General Obligation Bonds - Net | 22,493,531 |
| Changes to accrued interest on long-term debt in the Statement of Activities | |
| do not require the use of current financial resources and, therefore, are not | |
| reported as expenditures in the governmental funds. | 209,953 |
| Changes in Net Position of Governmental Activities | 26,560,901 |

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The government-wide financial statements of the Forest Preserve District of DuPage County (the District), Illinois, are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

The District is a municipal corporation governed by an elected president and six-member Board of Commissioners. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there are no fiduciary component units that are required to be included in the financial statements of the District as pension trust funds and there are no discretely component units to include in the reporting entity.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's conservation and recreation, public works, public safety, and general administrative services are classified as governmental activities. The District's golf activities are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations.

The District's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The District first utilizes restricted resources to finance qualifying activities.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the District's functions and business-type activities (administration and finance, conservation and recreation, public works, public safety, etc.). The functions are supported by administration and finance revenues (property taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales and use taxes, certain intergovernmental revenues, permits and charges for services, etc.).

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements - Continued

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the District:

General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The District maintains twelve special revenue funds. The Illinois Municipal Retirement Fund, a major fund, is used to account for revenues restricted for the payment of the District's share of contribution to the Illinois Municipal Retirement Fund. The Landfill Expense Mallard Lake Fund, also a major fund, is used to account for revenues and surcharges imposed on the users of the landfill. The revenues are restricted pay for present costs, post-closure maintenance, improvements, and restoration and environmental expenditures (including responses costs and costs incurred to third parties) incurred by the District for the Mallard Lake landfill site. The Landfill Expense Greene Valley Fund, also a major fund, is used to account for revenues and surcharges imposed on the users of the landfill. The revenues are restricted pay for present costs, post-closure maintenance, improvements, and restoration and environmental expenditures (including responses costs and costs incurred to third parties) incurred by the District for the Greene Valley Lake landfill site.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The District maintains one major debt service fund, the Debt Service Fund, which is used to account for the payment of principal and interest on the District's general obligation and is funded by an annual property tax.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The District maintains five capital projects funds. The Construction and Development Fund, also a major fund, is used to account for revenues restricted for constructing, restoring, reconditioning, reconstructing, and acquiring improvements for the development of the forest and lands of the District. In accordance with 70 ILCS 805/3.2, the appropriations for these funds do not lapse for a period of five years; therefore, these funds are maintained separately by year of tax levy. At the end of five years, any assets remaining are transferred to the General Fund. The Willowbrook Site Improvements Fund, also a major fund, is used to account for for the construction of a 27,000 square-foot addition to the existing visitor center for exhibits, learning labs, and a rehabilitation clinic.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the District:

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity is (a) financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges, or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The District maintains one major proprietary fund, the Golf Fund, which is used to account for the revenues and expenses associated with the Oak Meadows, Green Meadows, and Maple Meadows Golf Courses. The golf courses were purchased in fiscal year 1986, 1989, and 1990 respectively from the general obligation land acquisition bond funds.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/ deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise funds are charges to customers for sales and services. The District also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds' Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Cash and Investments - Continued

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Forest Preserve District of DuPage County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report charges for services as their major receivables.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Prepaids/Inventory

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepaids/inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund-type prepaids/inventories are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more, depending on asset class, are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Capital Assets - Continued

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation bases for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at acquisition value on the date donated.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

| Land Improvements | 15 Years |
|--------------------------|---------------|
| Buildings and Structures | 20 - 60 Years |
| Infrastructure | 20 - 50 Years |
| Equipment | 10 Years |

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Compensated Absences

Vested or accumulate vacation, sick leave and compensatory time are reported as an expenditure and a fund liability of the governmental fund that will pay it once retirement or separation has occurred. Vested or accumulated vacation, sick leave, compensatory time and employee retention incentives of proprietary funds and governmental activities are recorded as an expense and liability of those funds as the benefits accrue to employees.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

Notes to the Financial Statements December 31, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY - Continued

Long-Term Obligations - Continued

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets, including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual appropriated budgets are adopted for the general, special revenue, and enterprise funds. Five-year budgets are adopted for capital projects funds financed with property tax revenues. For the Acquisition and Development Fund, the bond documents provide the spending authority and no annual budget is adopted. All annual appropriations lapse at fiscal year-end, except for Construction and Development funds which do not lapse for five years.

Notes to the Financial Statements December 31, 2023

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

BUDGETARY INFORMATION - Continued

All departments of the District submit requests for appropriation to the District's Executive Director so that a budget may be prepared. The budget is prepared by fund and department and include information on the past year, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. The budget and appropriations must be adopted by March 31.

The final budget and appropriations include any changes approved during the year. During the current fiscal year, the District had no budget amendments. In all funds, expenditures may not exceed budget at the individual fund level. Transfers between funds must be approved by the governing body.

NOTE 3 - DETAIL NOTES ON ALL FUNDS

PROPERTY TAXES

Property taxes for 2022 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June 1 and September 1. The County collects such taxes and remits them periodically.

DEPOSITS AND INVESTMENTS

The District maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the District's funds. The District's investment policy authorizes the District to invest in all investments allowed by Illinois Compiled Statutes.

Permitted Deposits and Investments - Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, and commercial paper rated within the three highest classifications by at least two standard rating services.

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Deposits. At year-end, the carrying amount of the District's deposits for governmental and business-type totaled \$12,708,015 and the bank balances totaled \$5,012,969.

Investments. The District had the following investment fair values and maturities:

| | | Investment Maturities (in Years) | | | |
|-----------------------------|----------------|----------------------------------|------------|------------|------------|
| | Fair | Less Than | | | More Than |
| Investment Type | Value | 1 | 1-5 | 6-10 | 10 |
| | | | | | |
| U.S. Treasury Obligations | \$ 125,786,737 | 33,582,824 | 36,242,083 | 20,025,332 | 35,936,498 |
| U.S. Agency Obligations | 61,050,879 | 6,915,787 | 10,791,603 | 11,747,490 | 31,595,999 |
| State and Local Obligations | 19,827,465 | 2,771,241 | 1,766,236 | 11,836,344 | 3,453,644 |
| Corporate Bonds | 42,056,941 | 29,444,430 | 12,612,511 | _ | _ |
| Totals | 248,722,022 | 72,714,282 | 61,412,433 | 43,609,166 | 70,986,141 |

The District had the following recurring fair value measurements as of December 31, 2023:

| | | | Fair Value Measurements Using | | |
|--|----|-------------|-------------------------------|-------------|--------------|
| | | | Quoted | | |
| | | | Prices | | |
| | | | in Active | Significant | |
| | | | Markets for | Other | Significant |

| Investments by Fair Value Level | | Totals | (Level 1) | (Level 2) | (Level 3) |
| Debt Securities | | | | | |
| U.S. Treasury Obligations | \$ | 125,786,737 | 125,786,737 | | |
| U.S. Agency Obligations | | 61,050,879 | | 61,050,879 | |
| State and Local Obligations | | 19,827,465 | | 19,827,465 | |
| Corporate Bonds | | 42,056,941 | | 42,056,941 | |
| | | | | | |
| Total Investments Measured at Fair Value Level | l | 248,722,022 | 125,786,737 | 122,935,285 | |

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Investments - Continued. Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a two-year period. The investment policy limits the maximum maturity lengths of investments to 30 years for landfill environmental funds and five years for all other funds (except for bond funds).

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District limits its exposure to credit risk by primarily investing in obligations guaranteed by the United States government or securities issued by agencies of the United States government that are explicitly guaranteed by the United States government. At year-end, the Fund's investments in U.S. Agency Obligations, State and Local Obligations, and Corporate Bond securities were all rated AAA to A2 by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the District, an independent third party or a Federal Reserve Bank. At year-end \$7,943,750 of the cash balance was not covered by federal depository or equivalent insurance, and represents cash at paying agent for debt service payments due after fiscal year-end.

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure, the District's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the District's agent separate from where the investment was purchased in the District's name.

Concentration Risk. This is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy requires diversification of investments to avoid unreasonable risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

INTERFUND BALANCES

Interfund balances result from the time lag between when transactions are recorded in the accounting system and payments between funds are made. The composition of interfund balances as of the date of this report is as follows:

| Receivable Fund | Payable Fund | Amount |
|----------------------------------|----------------------------------|----------------------------|
| General Nonmajor Governmental | Nonmajor Governmental General | \$ 356,797 2,025,022 |
| | | 2,381,819 |

INTERFUND TRANSFERS

The purpose of significant interfund transfers are as follows:

- The Debt Service Fund transferred bond proceeds to the Willowbrook Site Improvements fund in the amount of \$22,054,129 to fund expenditures associated with the construction of the DuPage Wildlife Conservation Center.
- The District-Wide Environmental Fund transferred \$8,149,572 to Construction and Development to reimburse planned project expenditures.
- The Debt Service Fund transferred \$4,800,000 to Construction and Development to support structure and site improvements.
- The District-Wide Environmental Fund transferred funds in the amount of \$3,951,180 to the Debt Service Fund to cover the property tax levy abatement.

Interfund transfers for the year consisted of the following:

| Transfer In | Transfer Out | | Amount |
|-------------------------------|--------------------------------|----|------------|
| General | Nonmajor Governmental | \$ | 1,685,146 |
| General | Landfill Expense Mallard Lake | | 2,000,000 |

Depreciation expense was charged to business-type activities as follows:

Golf \$ 453,733

LONG-TERM DEBT

General Obligation Bonds

The District issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the District. General obligation bonds have been issued for governmental activities. General obligation bonds currently outstanding are as follows:

Long-Term Liabilities Activity

Changes in long-term liabilities during the fiscal year were as follows:

| | | | | | Amounts |
|------------------------------|-----------------|-----------|------------|-------------|------------|
| | | | | Ending | Due within |
| Type of Debt | Balances | Additions | Deductions | Balances | One Year |
| Governmental Activities | | | | | |
| Compensated Absences | \$ 2,173,692 | 162,786 | 325,572 | 2,010,906 | 1,040,609 |
| Net Pension Liability - IMRF | 12,756,476 | _ | 5,163,876 | 7,592,600 | |
| Net Pension Liability - SLEP | 5,693,423 | _ | 572,200 | 5,121,223 | _ |
| Total OPEB Liability - RBP | 1,127,171 | 17,379 | | 1,144,550 | _ |
| Claims Payable | 906,094 | 2,478,035 | 2,167,210 | 1,216,919 | 50,000 |
| Environmental Cost Reserves | 46,000,000 | | | 46,000,000 | _ |
| General Obligation Bonds | 76,365,000 | | 20,820,000 | 55,545,000 | 25,055,000 |
| Plus: Unamortized Premium | 10,155,878 | _ | 2,188,870 | 7,967,008 | 2,188,870 |
| | | | | | |
| | 155,177,734 | 2,658,200 | 31,237,728 | 126,598,206 | 28,334,479 |
| Business-Type Activities | | | | | |
| Compensated Absences | 72,809 | 35,986 | 17,993 | 90,802 | 70,948 |
| Net Pension Liability - IMRF | 1,146,806 | _ | 350,634 | 796,172 | _ |
| Total OPEB Liability - RBP | 58,238 | 13,865 | _ | 72,103 | <u> </u> |
| | | | | | |
| | 1,277,853 | 49,851 | 368,627 | 959,077 | 70,948 |

For governmental activities, payments on the compensated absences, the net pension liabilities for IMRF and SLEP, and the total OPEB liability for RBP are made by the General Fund, Zoological Fund and the Construction and Development Fund. The Liability Insurance Fund makes payments on the claims payable. The payments on the environmental cost reserves are made by the District-Wide Environmental Fund, the Landfill Expense Mallard Lake Fund, the Landfill Expense Greene Valley Fund, and the Environmental Responsibility Fund. The Debt Service Fund makes payments on the general obligation bonds.

For the business-type activities, the compensated absences, the net pension liability for IMRF, and the total OPEB liability for RBP are liquidated by the Golf Fund.

Legal Debt Margin

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes provides, "...a district with a population of less than 500,000 may not become indebted in any manner or for any purpose to an amount including existing indebtedness in the aggregate exceeding 2.30% of the assessed value of the taxable property therein, as ascertained by the last equalized assessment for State and county purposes."

| Assessed Valuation - 2022 | \$ 45,763,034,861 |
|--|-------------------|
| Legal Debt Limit - 2.30% of Equalized Assessed Value | 1,052,549,802 |
| Amount of Debt Applicable to Limit General Obligation Bonds | 55,545,000 |
| Legal Debt Margin | 997,004,802 |

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Landfills

The District owns nine landfill sites. All of the sites are closed with respect to waste operations, with dates of operation ranging from 1974 through 1999. Federal and state legislation, regulations and case law have imposed upon the owner of a landfill site economic responsibility for an environmental harm created by that landfill site.

The responsibility generally exists during the time that landfill site is operating and for up to 100 years after the site is closed. The District commissioned an outside report which was released in November 2012 in order to determine the most likely scenarios for the future of the nine sites. The District also performs an internal evaluation of the sites on an annual basis.

Four funds exist with the District that relate to potential future landfill site liabilities. Two of the funds may be used to offset future liabilities of the nine sites. As of the date of this report, the two remaining funds may only be used towards care of the Greene Valley and Mallard lake sites. However, the principal within these two funds must be transferred forty years after closure; those dates being 2037 and 2041.

As owner of the landfills, the District faces potential liability with respect to environmental damage from these sites. On August 1, 1985, the District created two future environmental expense funds which received revenues from the then active landfill sites, with the purpose of protecting the District against any possible financial harm from any responsibility imposed upon the District for the active sites during construction and for the years following closure. On July 1, 1989, the District created an Environmental Responsibility Fund for revenues it received from the mallard lake landfill to protect the District against any possible financial harm relating to environmental damage.

Both the Greene Valley and Mallard lake sites are managed by third-party operators. These operators are contractually responsible for the post-closure care of the sites until projected future dates, at which time; the Illinois Environmental Protection Agency (IEPA) has determined that no potential exists for environmental damage or liability. The operator of the Mallard Lake site achieved regulatory closure of landfill operations there in 2001, and is responsible for care of that site until 2101, one hundred years being the maximum period of liability for a closed landfill site. The operator responsible for the Greene Valley site closed prior to its regulatory closure date, and at that time a standard 30-year rule applied. The operator is thus responsible for any environmental clean-up costs through at least 2027. Since it has been determined that the operators are financially and operationally capable of meeting their obligations, the District has not recognized an annual portion of the estimated current cost of site care.

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Landfills - Continued

The aforementioned report concluded that the District landfill funds were adequate solely to address present and future environmental liabilities for all sites, but inadequate to address the 30-year reasonable worst case for the District-Wide Environmental Fund and the 90-year reasonable worst case for the Mallard Lake Preserve.

Estimated future clean-up costs, accrued as a noncurrent liability in the government-wide financial statements, were determined by management making certain modifications to the original report.

Blackwell Landfill

The District is the owner of a parcel of land in the Roy C. Blackwell Forest preserve upon which there is located a sanitary landfill operated by the DuPage County Public Works Department which closed in 1975. The District has been monitoring the closed site and small amounts of hazardous contaminants have been found to have migrated from the landfill itself into other areas of the preserve. The United States Environmental protection Agency (USEPA) has listed this site on the National Priority List for environmental cleanup. The District has assumed the cost of any testing and cleanup. The USEPA has provided the District and its contractor with a procedure for having the site proposed for deletion from the National Priority List. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$24,200,000 of the \$46,000,000 total government-wide liability.

Mallard Lake North Landfill

The District is the owner of a 31-acre property known as Mallard Lake North, on which a landfill had been operated by previous owners. In accordance with a 1995 agreement with the Illinois Environmental Protection Agency (IEPA), the District proposed a program of additional cover material, groundwater monitoring, leachate management and landfill gas management and has engaged an engineering firm to assist in these efforts. At the request of the USEPA, the District has completed construction of an upgraded landfill gas and leachate collection system and landfill cover improvements. The USEPA has not made any additional short or long-term requests for this site. The leachate collection system has been connected to the Village of Hanover Park's sewer system resulting in a 75% reduction in leachate disposal costs. The long-term monitoring and maintenance requirements have yet to be determined. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$15,300,000 of the \$46,000,000 total governmental-wide liability.

Meacham Grove Landfill

The Meacham Grove site (also referred to as the 'Ajax Pit') is an old gravel pit on an 18-acre property, in which construction debris was disposed over a period of approximately seven years, from 1967 to 1974. The study concluded that all but the eastern slope of the landfill will require re-grading and reconfiguration. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$300,000 of the \$46,000,000 total governmental-wide liability.

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT - Continued

Barnes Pit

Barnes Pit is a 32.5-acres gravel pit where undocumented dumping and open burning have occurred. The years of operation of this site remains unknown. Drums containing hazardous waste materials were uncovered in 1987. The drums were removed and the soil was cleaned to IEPA standards. In a worst-case scenario, the District has concluded that erosion repairs and bank stabilization would need to be performed. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$700,000 of the \$46,000,000 total government-wide liability.

Oliver Hoffman Dump

Oliver Hoffman Dump is a 155-acre site, of which 0.5 acre has been utilized for the disposal of unknown wastes. In 1996, the District performed remediation work and, in 2000, received a 'No Further Remediation' letter from the IEPA. In a worst-case scenario, the District has concluded that erosion repairs would need to be performed. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$50,000 of the \$46,000,000 total government-wide liability.

Wheaton Dump

Wheaton Dump is a 13.4-acre site which has been used as a District dump and as a car junkyard from the 1930s through 1979. Potential remedial work at the site appears to be limited to erosion repair and the monitoring of gas and groundwater. The noncurrent liability in the government-side financial statements associated with this site is approximately \$1,600,000 of the \$46,000,000 total government-side liability.

Other Environmental Liabilities

The District owns a parcel of a land, commonly known as the 'White Farm' which was acquired in 1979. Subsequent to purchase, it became apparent that illegal dumping had occurred on the site for three years prior to the District's ownership and that contamination was present. In 1984, the District, IEPA, and the Illinois Attorney General entered into a Consent Decree to address the contamination. Capital Improvements in the form of a remediation action plan to address the surface soils and previously filled excavations has been completed. IEPA has agreed with the District's findings that the site is not the cause of the regional groundwater contamination issue and is not requiring a Remedial Action Plan for the ground water from the District. IEPA and the District are in discussions to have the Consent Decree vacated. The noncurrent liability in the government-wide financial statements associated with this site is approximately \$3,850,000 of the \$46,000,000 total government-wide liability.

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

NOTES RECEIVABLE

During fiscal year 2014, the District entered into an intergovernmental agreement with a local government for the sale of a portion of a property. No interest is due unless payment of principal installments is past due. Principal of \$24,533 was collected during the year. The balance due at December 31, 2023 and reported as governmental activities is:

| Fiscal Year | Annual Payment | |
|----------------|-------------------|--|
| | aymone | |
| 2024 | \$ 24,534 | |
| 2025 | 24,534 | |
| 2026 | 24,534 | |
| 2027 | 24,534 | |
| | | |
| | 98,136 | |

NET POSITION CLASSIFICATION

Net investment in capital assets was comprised of the following as of December 31, 2023:

| Governmental Activities | |
|---|----------------|
| Capital Assets - Net of Accumulated Depreciation | \$ 663,675,614 |
| | |
| Plus: Unamortized Refunding Loss | 588,574 |
| Unspent Bond Proceeds | 19,888,930 |
| | |
| Less Capital Related Debt: | |
| General Obligation Refunding Bonds of 2015 | (7,750,000) |
| General Obligation Limited Tax Refunding Bonds of 2015A | (12,775,000) |
| General Obligation Limited Tax Bonds of 2022 | (32,545,000) |
| General Obligation Limited Tax Refunding Bonds of 2022A | (2,475,000) |
| Unamortized Premium | (7,967,008) |
| | |
| Net Investment in Capital Assets | 620,641,110 |
| | |
| Business-Type Activities | |
| Capital Assets - Net of Accumulated Depreciation | 38,235,386 |

Notes to the Financial Statements December 31, 2023

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Commissioners; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Commissioners' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Commissioners itself or b) a body or official to which the Board of Commissioners has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Commissioners, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District has established a minimum fund balance policy for its General and Zoological Funds. Under the policy, the target fund balance for the General Fund should represent 15% of operating expenditures less capital expenditures.

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks of loss including property and casualty, employee health and workers' compensation.

The District has established a limited self-insurance program for workers' compensation and liability claims. The District is self-insured for the first \$250,000 for liability claims and the first \$600,000 for workers' compensation claims. Commercial insurance is carried for amounts in excess of the self-insured amounts. There has been no significant reduction in coverage in any program from coverage in the prior year. For all other programs, settlement amounts have not exceeded insurance coverage for the current or three prior years. The District's self-insurance activities are reported in the Liability Insurance Fund, which is a special revenue fund.

Notes to the Financial Statements December 31, 2023

NOTE 4 - OTHER INFORMATION - Continued

RISK MANAGEMENT - Continued

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Reported liabilities are actuarially determined and include an amount for claims that have been incurred but not reported. Claims estimated to be paid within one year in the amount of \$50,000 are recorded as a current liability in the governmental funds. The total claims liability as of December 31, 2023, was \$1,216,919 and claims payable due in one year was \$50,000.

A reconciliation of claims liability for the current year and that of the preceding year follows:

| | General Liability | Workers' Compensation | Totals |
|--------------------------------------|----------------------|--------------------------|-------------|
| Claims Liability - December 31, 2021 | 98,423 | 270,462 | 368,885 |
| Claims Incurred | 308,260 | 2,020,516 | 2,328,776 |
| Claims Paid | (243,415) | (1,548,152) | (1,791,567) |
| Claims Liability - December 31, 2022 | 163,268 | 742,826 | 906,094 |
| Claims Incurred | 343,860 | 2,134,175 | 2,478,035 |
| Claims Paid | (263,054) | (1,904,156) | (2,167,210) |
| Claims Liability - December 31, 2023 | 244,074 | 972,845 | 1,216,919 |

The District participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental and nonprofit public service entities.

The IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers; a Benefit Administrator and a Treasurer. The District does not exercise any control over the activities of the IPBC beyond its representation on the Board of Directors.

Notes to the Financial Statements December 31, 2023

NOTE 4 - OTHER INFORMATION - Continued

CONTINGENT LIABILITIES

Litigation

From time to time, the District is party to various pending claims and legal proceedings with respect to employment, civil rights, property taxes and other matters. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the District attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the District's financial position or results of operations.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Material Contracts

Mallard Lake Preserve

The Mallard Lake landfill occupies a 230-acre site and was in operation from 1975 to 1999 and achieved regulatory closure in 2001. The District has entered into a contract with BFI Waste Systems of Illinois, LLC, a wholly owned subsidiary of Republic Waste, Inc. (BFI), for the development of the Mallard Lake Preserve for scenic and recreational use. The contract continues in effect until 2101; 100 years being the maximum period of liability for a closed landfill site. At that time, all waste on the site should have decomposed sufficiently as to no longer present an environmental threat.

Greene Valley Preserve

The Greene Valley landfill occupies a 198-acre site and was in operation from 1974 to 1997. The District has entered into a contract with Waste Management of Illinois, Inc. (Waste Management) for the development of the Greene Valley Preserve for scenic and recreational use. The contract will continue in effect until 2027. Under regulations existing at the time of closure, it was deemed by the IEPA that all waste on the site will have decomposed sufficiently by the date to no longer present an environmental threat.

The District also entered into a contract with Waste management, dated February 2, 1994, for the granting of landfill gas extraction rights and the generation of electricity at Greene Valley. The facility commenced operations in June 1996. For the first 20 years of the contract, Waste management is to pay 12.5% of the gross revenues earned from the sale of electricity quarterly to the District. After 20 years, Waste management is to pay 6.25% of gross revenues to the District. The contract is now passed the initial 20 years. For all by-products of production, the District is to receive 12.5% of the amount received by Waste Management or any purchases of that company.

Notes to the Financial Statements December 31, 2023

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN

The District contributes to one defined benefit pension plan, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system. None of the pension plans issue separate reports on the pension plans. However, IMRF does issue a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amounts recognized for the pension plans is:

| | Expense/ (Revenue) | Net Pension Liability | Deferred Outflows of Resources | Deferred Inflows of Resources |
|-----------------|------------------------------|--------------------------|--------------------------------------|-------------------------------------|
| Regular SLEP | \$ (1,670,611) 413,492 | 8,388,772 5,121,223 | 8,551,889 2,261,858 | 119,693 166,744 |
| | (1,257,119) | 13,509,995 | 10,813,747 | 286,437 |

Plan Descriptions

Plan Administration. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

IMRF - *Regular Plan*. IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Notes to the Financial Statements December 31, 2023

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

IMRF - Regular Plan - Continued. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Sheriff's Law Enforcement Personnel. SLEP members having accumulated at least 30 years of SLEP service and terminating IMRF on or after July 1, 1998, may elect to retire at or after age 50 with no early retirement discount penalty. SLEP members meeting these two qualifications are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.50% of their final rate of earnings, for each year of credited service up to 20 years, 2.00% of their final earnings rate for the next 10 years of credited service and 1.00% for each year thereafter. For those SLEP members retiring with less than 20 years of SLEP service, the regular IMRF pension formula applies. SLEP also provides death and disability benefits. These benefit provisions and all other requirements are established by State statues. Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

| | Regular | SLEP | Totals |
|--|---------|------|--------|
| Inactive Plan Members Currently Receiving Benefits | 414 | 27 | 441 |
| Inactive Plan Members Entitled to but not yet Receiving Benefits | 316 | 8 | 324 |
| Active Plan Members | 291 | 24 | 315 |
| Total | 1,021 | 59 | 1,080 |

Contributions. As set by statute, the District's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the year-ended December 31, 2023, the District's contribution was 7.68% of covered payroll.

SLEP members are required to contribute 7.50% of their annual covered salary. The District's annual contribution rate for the year was 21.48% of covered payroll.

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Net Pension Liability. The District's net pension liability was measured as of December 31, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation performed, as of December 31, 2023, using the following actuarial methods and assumptions:

| Actuarial Cost Method | Entry Age Normal |
|--|---------------------|
| Asset Valuation Method | Fair Value |
| Actuarial Assumptions Interest Rate Regular SLEP | 7.25% 7.25% |
| Salary Increases | 2.85% to 13.75% |
| Cost of Living Adjustments | 2.75% |
| Inflation | 2.25% |

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLAN - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued.

| | | Long-Term |
|---------------------------|--------|----------------|
| | | Expected Real |
| Asset Class | Target | Rate of Return |
| | | |
| Fixed Income | 25.50% | 4.90% |
| Domestic Equities | 35.50% | 6.50% |
| International Equities | 18.00% | 7.60% |
| Real Estate | 10.50% | 6.20% |
| Blended | 9.50% | 6.25% - 9.90% |
| Cash and Cash Equivalents | 1.00% | 4.00% |

Discount Rate

The discount rate used to measure the total pension liability was 7.25% for the Regular Plan and the SLEP Plan, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the District calculated using the discount rate as well as what the District's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

| | Current | | | |
|-------------------------------|---------------|-----------|-------------|--|
| | 1% Decrease | Rate | 1% Increase | |
| Regular Plan | (6.25%) | (7.25%) | (8.25%) | |

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2023, the District recognized pension revenue of \$1,670,611 for the Regular Plan and pension expense of \$413,492 for the SLEP Plan. At December 31, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Regular Plan | | SLEP | Plan | | |
|---|--------------|------------|--------------|-------------|--------------|------------|

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Forest Preserve District of DuPage County Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides medical, dental, vision, and life insurance benefits for retirees and their dependents. Retirees pay the full cost of the coverage, including any dependents. Once Medicare eligible, a retiree may continue District insurance, paying the full cost of coverage, with the plan now being secondary to Medicare.

Plan Membership. As of December 31, 2023, the measurement date, the following employees were covered by the benefit terms:

| Inactive Plan Members Currently Receiving Benefits | 18 |
|--|-----|
| Inactive Plan Members Entitled to but not yet Receiving Benefits | _ |
| Active Plan Members | 275 |
| Total | 293 |

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2023, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| Inflation | 2.25% |
|------------------|-------|
| Salary Increases | 2.50% |
| Discount Rate | 3.26% |

Healthcare Cost Trend Rates 6.00% for 2023, decreasing to an ultimate rate of 5.00%

for 2027 and later

Retirees' Share of Benefit-Related Costs 100% of the Blended Cost of Coverage

The discount rate was based on the Bond Buyer 20-Bond General Obligation Index.

Mortality rates were based on the PubG-2010(B) improved generatioally using MP-2020 improvment rates and weighted basis.

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Comparative Balance Sheet General Fund
- Budgetary Comparison Schedules Major Governmental Funds
- Combining Statements Nonmajor Governmental Funds
- Budgetary Comparison Schedules Nonmajor Governmental Funds
- Budgetary Comparison Schedules Major Enterprise Fund

INDIVIDUAL FUND DESCRIPTIONS

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital projects funds) that are legally restricted to expenditure for specified purposes.

Illinois Municipal Retirement Fund

The Illinois Municipal Retirement Fund is used to account for revenues restricted for the payment of the District's share of contribution to the Illinois Municipal Retirement Fund.

Landfill Expense Mallard Lake Fund

The Landfill Expense Mallard Lake Fund is used to account for revenues and surcharges imposed on the users of the landfill. The revenues are restricted pay for present costs, post-closure maintenance, improvements, and restoration and environmental expenditures (including responses costs and costs incurred to third parties) incurred by the District for the Mallard Lake landfill site.

Landfill Expense Greene Valley Fund

The Landfill Expense Greene Valley Fund is used to account for revenues and surcharges imposed on the users of the landfill. The revenues are restricted to pay for present costs, post-closure maintenance, improvements, and restoration and environmental expenditures (including responses costs and costs incurred to third parties) incurred by the District for the Greene Valley landfill site.

Liability Insurance Fund

The Liability Insurance Fund is used to account for revenues restricted for the payment of workers' compensation, unemployment and liability or claims.

Social Security Tax Fund

The Social Security Tax Fund is used to account for revenues restricted for the payment of the District's share of the contribution for Social Security taxes.

Audit Fund

The Audit Fund is used to account for revenues restricted for the payment of the annual audit of the District's financial records.

INDIVIDUAL FUND DESCRIPTIONS - Continued

SPECIAL REVENUE FUNDS - Continued

Zoological Fund

The Zoological Fund is used to account for revenues restricted for the erection, operation and maintenance of a zoological park.

Environmental Responsibility Fund

The Environmental Responsibility Fund is used to account for the result of a court order. Commencing July 1, 1981, the District was obligated to deposit \$230,000. For each fiscal year thereafter, 25% of the royalties received were deposited directly with a minimum deposit amount of \$200,000 until a total of \$2,000,000 was reached. Although the \$2,000,000 maximum required by the court order was reached, the District did continue to make its annual deposit. Effective July 1, 1992, all funds in excess of the \$2,000,000 were transferred to the District-Wide Environmental Fund and no additional revenues will be deposited in this fund.

The money collected in this fund is to be used to correct any environmental damage caused by the landfill sites, installation of any facility to help prevent damage to the landfills, to satisfy any final judgment rendered against the District for damages to any person arising out of the use of the landfill sites, to pay for studies or research into environmental problems caused by the landfills and to pay the cost of compliance with statutes and regulations applicable to landfill sites.

Mallard Lake Preserve Non-Landfill Improvement Fund

The Mallard Lake Preserve Non-Landfill Improvement Fund is used to account for a special nontax revenue established in accordance with the consent order for Case 90MR549. Expenditures are restricted to non-landfill improvements such as landscaping, restoration, development of natural amenities and development of improvements at the Mallard Lake Preserve.

Wetland Aquatic Riparian Program Fund

The Wetland Aquatic Riparian Program Fund is used to account to intergovernmental wetland bank revenues that are to be used for wetland preservation and protection District-Wide.

Endowment Fund

The Endowment Fund is used to account for all costs and expenditures incurred or anticipated for the long-term maintenance and improvement of district facilities and land and for the future purchase of property. Revenues deposited must come from private sources.

District-Wide Environmental Fund

The District-Wide Environmental Fund is used to account for the revenue related to any of the District's inactive landfill sites or any other property presently owned or acquired in the future that will have costs associated with environmental responsibilities.

INDIVIDUAL FUND DESCRIPTIONS - Continued

DEBT SERVICE FUND

The Debt Service Fund is used to account for the payment of principal and interest on the District's general obligation and is funded by an annual property tax.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary and Trust Funds.

Construction and Development Funds

The Construction and Development Funds are used to account for revenues restricted for constructing, restoring, reconditioning, reconstructing, and acquiring improvements for the development of the forest and lands of the District. In accordance with 70 ILCS 805/3.2, the appropriations for these funds do not lapse for a period of five years; therefore, these funds are maintained separately by year of tax levy. At the end of five years, any assets remaining are transferred to the General Fund.

Willowbrook Site Improvements Fund

The Willowbrook Site Improvements Fund is used to account for for the construction of a 27,000 square-foot addition to the existing visitor center for exhibits, learning labs, and a rehabilitation clinic.

Capital Improvement Fund

The Capital Improvement Fund is used to account for general district-wide capital outlay.

Building Renewal

The Building Renewal Fund is used to account for the replacement of all District Infrastructure components.

ENTERPRISE FUNDS

The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Golf Fund

The Golf Fund is used to account for the revenues and expenses associated with the Oak Meadows, Green Meadows, and Maple Meadows Golf Courses. The golf courses were purchased in fiscal year 1986, 1989, and 1990 respectively from general obligation land acquisition bond funds.

STATISTICAL SECTION (Unaudited)

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the District's most significant local revenue sources.

Debt Capacity

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs.

Net Position by Component - Last Ten Fiscal Years December 31, 2023 (Unaudited)

Notes: Taxing districts are separate and distinct governmental entities where all, or a portion of the governmental entity, lies within DuPage County.

- (1) Includes the City of Chicago (O'Hare Airport) for which a minor portion overlaps into DuPage County. The Chicago Park District and Chicago City Colleges taxing boundaries are coterminous with the City of Chicago.
- (2) Debt Percentage Applicable to County is calculated by applying the ratio of assessed value of the specific district to that portion is in DuPage County. Percentages have been rounded to the nearest hundredth.
- (3) Represents general obligation debt, as reported by various governments. Overlapping governments without general obligation debt are not shown. Some data is an estimation and was compiled by a review of the bonded debt information filed with the multiplying this rate by the overlapping governments' outstanding debt. An overlapping government unit DuPage County Clerk.
