CERTIFIED PUBLIC ACCOUNTANTS

September 9, 2022

Members of the Board of Directors Friends of the Forest Preserve of DuPage County Wheaton, Illinois

We are pleased to confirm our understanding of the services we are to provide the Friends of the Forest Preserve of DuPage County, Illinois for the year ended December 31, 2022.

### Audit Scope and Objective

We will audit the financial statements of the Friends of the Forest Preserve of DuPage County, Illinois, which comprise the statements of financial position as of year ended December 31, 2022, the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements. Also, the following supplementary information accompanying the financial statements will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America (GAAS), and we will provide an opinion on it in relation to the financial statements as a whole: schedule of functional expenses.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion about whether your financial statements are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment of a reasonable user made based on the financial statements.

### Auditor's Responsibilities for the Audit of the Financial Statements

We will conduct our audit in accordance with GAAS and will include tests of your accounting records and other procedures we consider necessary to enable us to express such an opinion. As part of an audit in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management. We will also evaluate the overall presentation of the financial statements, including the disclosures, and determine whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the Organization or to acts by management or employees acting on behalf of the Organization.

Auditor's Responsibilities for the Audit of the Financial Statements - Continued

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements may not be detected by us, even though the audit is properly planned and performed in accordance with GAAS. In addition, an audit is not designed to detect immaterial misstatements, or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

We will obtain an understanding of the Organization and its environment, including internal control relevant to the audit, sufficient to identify and assess the risks of material misstatement of the financial statements, whether due to error or fraud, and to design and perform audit procedures responsive to those risks and obtain evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. Accordingly, we will express no such opinion. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under professional standards.

We have identified the following significant risk(s) of material misstatement as part of our audit planning: management override of controls, improper revenue recognition, and general or local economic challenges. Planning for this engagement has not concluded and is subject to change.

We will also conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will also request written representations from your attorneys as part of the engagement.

### Other Services

We will prepare the Organization's federal and state information returns for the year ended December 31, 2022 based on the information provided by you. We will also assist in preparing the financial statements and required audit adjustments, if any, of the Organization in conformity with accounting principles generally accepted in the United States of America based on information provided by you.

We will perform the services in accordance with applicable professional standards, including the Statements on Standards for Tax Services issued by the American Institute of Certified Public Accountants. The other services are limited to the financial statement services previously defined. We, in our sole professional judgement, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities. We will advise management with regard to tax positions taken in the preparation of the tax return, but management must make all decisions with regard to those matters.

### Responsibilities of Management for the Financial Statements

Our audit will be conducted on the basis that you acknowledge and understand your responsibility for designing, implementing, and maintaining internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error, including monitoring ongoing activities; for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. You are also responsible for making drafts of financial statements, all financial records, and related information available to us and for the accuracy and completeness of that information (including information from outside of the general and subsidiary ledgers). You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, identification of all related parties and all related-party relationships and transactions, and other matters; (2) additional information that we may request for the purpose of the audit; and (3) unrestricted access to persons within the Organization from whom we determine it necessary to obtain audit evidence. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

### Responsibilities of Management for the Financial Statements - Continued

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Organization involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the Organization complies with applicable laws and regulations. You are responsible for the preparation of the supplementary information in conformity with accounting principles generally accepted in the United States of America. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon.

You agree to assume all management responsibilities for the tax services, financial statement preparation services, and any other nonattest services we provide; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

### Reporting

We will issue a written report upon completion of our audit of the Organization's financial statements. Our report will be addressed to the Board of Directors of the Organization. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion or add an emphasis-of-matter or other-matter paragraph to our auditor's report, or if necessary, withdraw from this engagement. If our opinion is other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or withdraw from this engagement.

Engagement Administration, Fees, and Other

Our fees for the December 31, 2022 audit and tax return will be \$3,200 and \$1,050, respectively.

The Organization agrees that during the term of this agreement and for a period of twelve months thereafter, the Organization shall not solicit, or arrange an employment contract with personnel of Lauterbach & Amen, LLP. Violation of this provision shall, in addition to other relief, require the Organization to compensate Lauterbach & Amen, LLP with one hundred percent of the solicited person's annual compensation.

We appreciate the opportunity to be of service to the Friends of the Forest Preserve of DuPage County, Illinois and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign below and return it to us.

This includes a duty of confidentiality. All information and documentation that I receive from the Friends and others in connection with my service on the Board will be treated with strict confidentiality. As a director, I recognize that I owe a fiduciary duty of loyalty to the Friends. This duty requires me to avoid conflicts of interest and to act at all times in the best interests of the foundation. - 3. All conflicts of interest are not necessarily prohibited or harmful to the foundation. However, the interested director must make full disclosure of all actual and potential conflicts and then that director shall be recused from participating in voting on the matter in question.
- 4. The Board Chair to the Executive Committee through the annual disclosure form and/or whenever a conflict arises shall disclose all actual and potential conflicts of interests. The Executive Committee shall make a determination as to whether a conflict exists and what subsequent action is appropriate (if any), and this shall be recorded in official meeting minutes. The Executive Committee shall retain the ultimate enforcement authority with respect to the interpretation and application of this policy.
- 5. On an annual basis, all directors shall be provided with a copy of this policy and required to complete and sign the acknowledgment and disclosure form below. All completed forms shall be provided to and reviewed by the Board Chair and will remain valid from January December of each calendar year.
- 6. If the Executive Committee determines or has reasonable cause to believe that a violation of conflict of interest has occurred, and the Board of Directors concurs, the Board Chair may take appropriate disciplinary and corrective actions with the individual Board Member.
