Rules and Regulations and Waiver

Please read this information carefully. It includes releases of liability and waiver of legal rights and deprives you of the ability to sue certain parties. By checking the boxes and providing your name and the date, you acknowledge you've read and understood all of the text.

Rules and Regulations

For everyone's safety and enjoyment, you must follow these rules and regulations, which the Forest Preserve District may change at any time.

- Only use designated model crafts in the designated DuPage forest preserve areas. Use is first-come, first-served unless someone obtains exclusive use from the Forest Preserve District via written request.
- Carry your permit with you when using a model-craft area, and present it to a Forest Preserve District agent for inspection if requested.
- Operate your transmitter only when operating your craft, and double-check to make sure no one's using the same frequency.
- Fit all craft with mufflers, and use mats or platforms when fueling gasoline-powered engines to protect the grass.

For Model Aircraft

- Per the Academy of Model Aeronautics, do not fly planes or helicopters over 55 pounds or gliders or sailplanes over 15 pounds.
- If you fly a drone with a first-person video system, you must have a spotter.
- Affix your current Forest Preserve District permit or pin to the control stand to indicate which radio band you're using. Turn off any radio bands you're not using. At Greene Valley, affix a frequency flag to your transmitter antenna and a similar flag of the same color with your name and frequency to your frequency control device.
- Carry your aircraft to the runway and do not taxi into or through the pit area.
- Control your aircraft from designated flight lines per selected flight patterns, which are posted at each area. Respect fellow operators and their flight patterns regardless of the type of aircraft.
- Yield the right-of-way to landing aircraft and to aircraft that have just landed.
- Follow all Federal Aviation Administration rules and regulations specific to your type of aircraft.

For Model Boats

- Do not operate boats over 25 pounds (including fuel), over 60 inches long (bow to stern) or over 90 dBA.
- Affix a frequency flag to your transmitter antenna.
- When launching your boat, yield to other boats operating in the designated water pattern or returning to the launch area.
- Do not swim or use full-sized boats or rafts to retrieve stalled boats. Affix a rubber ball to the end of a fishing line, cast over the boat to snag it, and reel it to shore. Or with a second person, stretch 50-pound test line across the lake to capture the boat and drag it to shore.

By checking the box below I agree to abide by these rules and regulations as well as all Forest Preserve District ordinances and administrative orders and state statutes. I understand that the Forest Preserve District may fine me or revoke my permit without refunding my permit fee if I supply false information on this application or fail to comply with any rules, regulations, ordinances, orders or statutes.

I have read and agree to the model craft rules and regulations.

Waiver

I hereby fully waive and release the "Releasee" Forest Preserve District of DuPage County, from any and all claims for personal injury, monetary loss, property damage, or death that may result from my participation. I hereby voluntarily, at my own risk, agree to the Waiver and Assumption of Risk in sole consideration of being permitted to use the Forest Preserve District of DuPage County facilities/property or services offered. Agreement to this Waiver and Assumption of Risk, I fully assume the dangers and risks, and agree to use my best judgment while engaging in those activities. I further agree to indemnify and hold harmless the Releasee, its employees, agents, officers, from and against any and all liability incurred as a result of or in any manner related to my participation in the activities or services offered.

I have read and agree to the waiver.
