COMMITTEE COMMENTS/DISCUSSION:

Cheryl Butler from A Special Place spoke to the committee about the program's development, influence/purpose, progression and needs. The committee discussed the need for the preserve to "do more" with special needs individuals per Jay Johnson's comment at a previous meeting. The committee discussed integrating non-profits (similar in financial capacity to A Special Place) into the Greene Barn. The committee agreed that a balance between for-profit partners and non-profit partners would be attainable.

The committee discussed the presentation at length and designated specific topics to various committee members. Discussion about more in depth knowledge of current financial situation regarding the barn needed. The committee focused on the approach desired when moving forward with this project.

The committee discussed who would be best to present, length of presentation, keeping the scope of the committee as the focus of the presentation. All committee members were asked to prepare a script for the designated topic assigned.

The committee was informed about the progress of the layouts by two different architects.
