

Songbird Slough

Songbird Lake

Mill Road 2 miles north of Lake Street (Route 20) in Itasca. Moderate 50-yard walk on turf trail.

Acres Available for Fishing: 15

Did You Know...?

Northern pike, also known as jackfish, are without a doubt one of the trophy species in DuPage County. They are well known for their aggressiveness and immense size potential; in fact, it's not uncommon to hook one weighing 8 pounds or more. These carnivorous fish prefer cool water with lots of vegetation and can often be found in the weedy shallows. Use your spoons, plugs and spinners in the hot summer months; then switch to minnows during the cool season.
